Singing the Holiday Bill Blues?

Worried about your credit card debt? Are you hiding those new credit card bills with overwhelming holiday expenses on them? We have all had those days, but instead of running from your credit card woes, why not take charge and consolidate your debt with a credit union credit card?

Other credit cards charge annual fees between \$10-\$30. If you have five of these credit cards, you are paying \$50-\$150 per year to use these cards when you could be utilizing your credit union credit card which does not charge any annual fee. By eliminating your debt on other cards, you will no longer have to pay the large annual fee they require. Furthermore, other credit cards are notorious for charging exorbitant interest rates, ranging between 18-25%APR while PA Healthcare Credit Union credit cards have an interest rate of 9.90%APR. By consolidating your unsecured debt onto your credit union credit card, you may save an incredible amount of money! Call the credit union today for more details!
